POSTER HOLDER "CLASSIC" RANGE

Our sign holder range is the ideal way to display important information in office settings, receptions and restaurants. These holders are the perfect addition to your shop front, showcase, hostess desk, bar area, or dining room to grab guests' attention and direct them to your products and services. Flyers and any other printed information are easily inserted into the holder for a professional look in the lobby, shop or reception area of your office. Our range of sizes allows you to place different paper formats straight from your printer into the display easel without the hassle of laminating. The self-standing design rests on a sturdy base so you can arrange any of these models on a flat surface without risk of falling over. "Ready to use" no assembly required.

L-Shaped Visual Holder

- Manufactured in PS with diamond polished edges
- Transparent for optimum visibility of the inserted message
- Slanted for a better poster visibility when used below eye level
- Poster insertion is possible from each side for easy replacement
- Available in smaller formats under "Label Holder" Category

LABEL HOLDERS

The objective is to offer information in the simplest, least distracting manner possible, and our range does this by displaying information about the products in an easy to read and discreet manner. The label holder makes it easy to display menu items and food types alongside your buffet line or in your bulk goods section for easy identification and our menu bases allow for an easy display of your laminated messages. "Ready to use" no assembly required.

WOOD MIX VISUAL HOLDERS

Our range of poster / menu holders with wooden base is the perfect way to showcase your messages with ease. The line is conceived to show off your directions, menus or any other important messages in an attractive way. The durable clear acrylic part easily holds messages so you can see your insert from either side. This range features an attractive and an easy-to-clean real wood base. The design makes it ideal for areas where space is limited. It's great for contemporary restaurants and bars as it easily displays menus and specials at your tabletops or bars without taking up a lot of space. Our range of sizes allows you to place different paper formats straight from your printer into the display easel.

Menu Stand Poster Holder Wooden Base - Premium Range

• **Manufactured in PMMA and real wood.**
• **Diamond polished edges**
• **Versatile portrait single or dual sided addition to your visual display**
• **Quick and easy to install and replace posters on your counter or shelf**

POSTER POCKETS / SLEEVES

Our range of self-adhesive poster pockets offers permanent protection against dust, dirt and water. Only a few seconds to slide in a new display, no need to remove the holder from the wall, shelf or display bin. The slide-in pockets are specifically designed for wall mounting posters, information sheets, product specifications and directions. These pockets feature 2 self-adhesive back strips for attachment to all smooth surfaces, and can be removed without leaving residue behind. They are manufactured from high quality PET, making them break/shatterproof, lighter and more flexible compared to materials like PS and PMMA. Present important information in an attractive way with a simple and colorless construction that makes these items the perfect addition to any environment. They are cost-effective and come in a wide variety of sizes, both portrait and landscape.

Adhesive Pockets / Ticket Holder

• **Manufactured in PET available in Clear or Anti-glare**
• **Display information with the space-saving PET Ticket Holder - just vertical foot-print**
• **Sticks easily to all smooth surfaces with the pre-installed adhesive tape strips**
• **Break- and shatter-proof; lighter, more flexible compared to other materials like PS or PMMA**

WRITE-ON RANGE

Draw attention and present your information in your own design: the high-quality, black table display chalk board style is ideal for individual labelling and design. A bold black background provides contrast to white or brightly colored writing so the label is easy to read, even from a distance! When you're done, it can easily be cleaned with a wet cloth so that you're ready to use it again and again. "Ready to use" no assembly required.
